

## SANJAY LOGANI, MD CYTOPATHOLOGY / GYNECOLOGIC PATHOLOGY

### BOARD CERTIFICATIONS

- Anatomic & Clinical Pathology
- Cytopathology

### FELLOWSHIPS

- Cytopathology  
Hospital of the University of  
Pennsylvania  
Philadelphia, PA
- Gynecologic Pathology  
Weill Medical College of Cornell  
University  
New York, NY

### RESIDENCY

- Anatomic & Clinical Pathology  
Wayne State University  
Detroit, MI

### MEDICAL/DOCTORATE DEGREE

- Maulana Azad Medical College, Delhi  
University  
New Delhi, India

### HOSPITAL AFFILIATIONS

- Kadlec Regional Medical Center
- Kootenai Health
- Providence Holy Family Hospital
- Providence Sacred Heart Medical  
Center

### PROFESSIONAL SOCIETIES & ASSOCIATIONS

- American Society of Clinical Pathology
- American Society of Cytopathology
- College of American Pathologists
- International Journal of Gynecologic  
Pathology
- International Society of Cytopathology
- Papanicolaou Society of  
Cytopathology

Dr. Logani joined Incyte Diagnostics in 2008 and is board certified in anatomic and clinical pathology, as well as cytopathology. He has subspecialty expertise in gynecologic pathology. Dr. Logani currently serves as the laboratory medical director at Providence Sacred Heart Medical Center in Spokane, Washington.

Prior to joining Incyte, Dr. Logani was an associate professor of pathology at Emory University in Atlanta, GA in the department of pathology. In addition, he was director of the surgical pathology fellowship program there.

Dr. Logani served as a consultant in gynecologic pathology for both clinicians and pathologists in the metro-Atlanta area and received referral cases from a number of practices throughout the Southeast region of the United States.

Dr. Logani obtained his medical degree from Maulana Azad Medical College, Delhi University in New Delhi, India, and completed his pathology residency at Wayne State University in Detroit, MI.

Following his residency, he completed a fellowship in cytopathology at the Hospital of the University of Pennsylvania and a gynecologic pathology fellowship at Weill Medical College of Cornell University in New York City, NY.

Dr. Logani has extensive teaching experience, and taught organ-based pathology as well as advanced biopathology to medical students at the University of Pennsylvania, Wayne State University, and at Emory University School of Medicine. Additionally, he instructed

medical students in the disorders of the endometrium and gynecologic pathology at Emory University School of Medicine.

Dr. Logani served as a committee member on the National Cancer Institute State of the Science Conference in Bethesda, MD, that resulted in the uniform terminology for reporting thyroid fine needle aspirations.

Dr. Logani has served on the editorial board for *Cytojournal* and as a peer reviewer for *Diagnostic Cytopathology*.

## PRESENTATIONS

- "Histologic Evaluation of Non-Neoplastic Endometrium". American Society of Clinical Pathology Teleconference. October 2006.
- "Update on Serous and Mucinous Borderline Tumors of the Ovary, Unknown Slide Seminar, Use and Limitation of Immunohistochemistry in Gynecologic Pathology". Department of Pathology, Government College of Chandigarh, India. July 2006.
- "Unknown Slide Seminar". Department of Pathology, Lady Hardinge Medical College, New Delhi, India. July 2006.
- "Exploring the Role of PAX8 in Epithelial Ovarian Cancer". 1st International Conference on Ovarian Cancer: State of the Art and Future Directions, Aldemar Knossos Royal Village Conference Center, Crete, Greece. May 2006.
- NCI sponsored State of the Science Conference on Thyroid FNA, NIH, Bethesda, MD. October 2007.
- 13th International CME in Pathology Bangalore, India: Borderline Cervical Cytology. January 2008.
- "Platform Session in Gynecologic Pathology". United States and Canadian Academy of Pathology, Denver, CO. March 2008.
- Department of Pathology, Hospital of the University of Pennsylvania, Philadelphia, PA. March 2008.
- Department of Pathology, Vanderbilt University, Nashville, TN, April 2008.
- "Pancreatic Lesions: From Fine Needle to Sharp Scalpel". Course faculty: CAP meeting San Diego, September 2008:
