Provider: Consumer, Direct to Ordering Location: PSC Liberty Lake (Country Vista) Collection Location: PSC Liberty Lake (Country Vista)

COVID-19 Rapid Antigen Final - Approved 01/18/2022 8:51PM			Incyte ¹ Samı 2201 Collected: 01/18/20	
TEST Covid-19 Rapid Antigen	RESULT Negative	FLAG	REF RANGE Negative	UNIT

If you test negative and continue to experience COVID-19 like symptoms of fever, cough and/or shortness of breath you should seek follow up care with your healthcare provider. Negative results should be considered presumptive, and testing should be performed at least twice over three days, with at least twenty-four hours and no more than 48 hours between tests. It is important that you work with your healthcare provider to help you understand the next steps you should take. If you need help, call the Washington Department of Health COVID-19 hotline 1-800-525-0127, then press #. If you are unable to reach a healthcare provider and have life threatening symptoms, seek immediate medical care.

The SARS Antigen Test is a lateral flow immunoassay that allows for the rapid, qualitative This assay has detection of the of SARS-CoV-2 from individuals who are suspected of COVID-19. not been FDA cleared or approved. This assay has been authorized by the FDA under an Emergency Use Authorization (EUA).
